

# Village of Hines Creek Council Request for Decision (RFD)

Meeting:	Regular Council Meeting
Meeting Date:	June 12, 2018
Originated By:	Leanne Walmsley, Acting Chief Administrative Officer
Title:	Delegation Jim & Norma Zwick
File:	Roll # 118.000 Lot 1, Block 10, Plan 1790 HW

## BACKGROUND/PROPOSAL:

Lot 1, Block 10, Plan 1790 HW  
408-9<sup>th</sup> Street

James and Norma Zwick are requesting a new curb stop valve assembly and a new tie in to the street utilities when they put in the new water and sewer lines in preparation for their new module home coming this fall.

## DISCUSSION/OPTIONS/BENEFITS/DISADVANTAGES

## COSTS/SOURCE OF FUNDING (if applicable)

Normally we provide a new curb stop stack when homeowners are putting in or repairing water lines, seems to make sense when the ground is disturbed already to put in new valve.

## RECOMMENDED ACTION:

That this Council authorize the placement of a new curb stop when homeowners put in new water line on 408-9<sup>th</sup> Street. To look at existing valve to mainline lines to determine if new is needed at the time of excavation.
