Good Morning Mayor Hazel Reintjes,

I just wanted to take a moment to introduce myself and my firm to you.

Bolson Engineering and Environmental Services is a Civil Engineering company that specializes in Preliminary and Detailed Designs, Topographical Surveys, Storm Water Management Plans and Project Management.

We have previously worked with the Village of Warburg, Village of Alberta Beach, Town of Onoway and the Summer Village of Ross Haven on several design and construction projects. If you have a moment please review our website at [www.bolson.ca](http://www.bolson.ca) or contact me directly via cell phone (780) 668-8571 or by email [tthompson@bolson.ca](mailto:tthompson@bolson.ca) if you have any engineering or construction related questions that we may be able to help you out with in the future.

Bolson Engineering and Environmental Services | Your ...
