## BACKGROUND/PROPOSAL:

1. Reservoirs were full on Monday, but we continue to grab water whenever possible.
2. Crack Sealing Unit. Talked with Allen Rowe, CAO from Clear Hills on Friday May 8, 2020. They have a company coming in next week to do crack sealing and find that it's cheaper to hire someone to come in to do it. 800.00/klm and additions at 95 cents/miter. New pavement by done by the miter and old pavement is done by the klm. They did 64 miles of pavement last year and it costs them \$26,000.00. Line painting is also being done next week at 535.00/klm. He will look into getting us a quote tor having the companies come in under their contract and do our work at the same time. They will bill the County and the County will be us. Dust control deadline is May 15<sup>th</sup>, and Jason is going to talk to Ron Jensen about having our roads done this year.
3. Painting is all done on the lower level of the Municipal Complex, have a look before you leave the Council meeting.
4. Municipal Accountability Program will be done by Zoom and we have plans of sending all the required documentation early next week for their review prior to our meeting.

Revised Operating Budget will be presented for review at the meeting.
