Re: Summary of the services provided by the Youth Enhancement Society of Hines Creek.

Greetings to you at the Village of Hines Creek.

I was so pleased to hear from you and am grateful for the opportunity to update you regarding the Youth Enhancement Society of Hines Creek.

The Society was established in 2003 and has served Hines Creek Composite, Worsley Central and Menno Simons Community School since the outset. In more recent years the Cleardale Colony School and the Bear Canyon Colony School have been included in the services provided by the Society.

The Society provides funding and booking services for visiting musical artists, theatre artists and special art programs in the schools. The Society also works with school administrators in order to provide art instruction on a weekly basis at the request of the administrators. There is funding available for art supplies and in recent months there has been funding granted for the purchase of musical instruments.

The onset of Covid 19 impacted the services the Society was able to arrange since the professional groups that would normally travel to schools have not been available. The Society has continued to provide art programs in the schools as often as possible.

The Society has a Board of Directors that works in collaboration with school administrators. The Board would welcome the interest of new potential members. The last year has made meeting as a board most difficult and our list of Board members is short.

The Society seeks funding annually through Clear Hills County. The funding and guidance provided by the County has made all of the services provided by the Society possible, we are grateful to the County for the support.

Jan Stevenson is the current contact person; we are happy for participation and ideas. Please contact Jan at oleslakejan@gmail.com.

Please note: I will also include our most recent financial statement for your records at the Village of Hines Creek. Please let me know if you need anything else. Thank you, Jan
